In our unit, you can shape things, grow personally and set standards.

Who we are

msg is an independent group of companies with more than 10,000 employees worldwide. We owe our distinguished reputation to our holistic range of services consisting of creative strategic consulting and intelligent, sustainable value-adding IT solutions for a variety of industries.

What you can expect from us

- IT security topics with long-term consulting assignments as well as support for individual projects
- Topics relating to data protection, elaboration of IT security concepts, preparation of threat analyses
- Implementation and auditing in the ISMS environment - sound knowledge of the requirements (e.g., ISO 27001, TISAX)
- Collaboration in projects with focus on cloud security (AWS, Azure, Google Cloud) as well as SAP security
- Consulting on security in the software development process with Security and Privacy by Design

What you offer

- University degree in computer science or comparable education (career changers are also welcome)
- Substantiated experience in one or more of the above topics
- Experience in managing projects and providing functional leadership and conducting trainings
- Knowledge of common information security standards
- Ideally, certifications in IT security e.g., ISO 27001 Lead Auditor, CISM, CISSP, CIPP
- Knowledge of relevant laws and regulations (e.g., TISAX, GDPR)
- Know-how in and practical experience with cloud environments
- Ability to communicate complex problems in an understandable way and to reach decisions

What we offer

- Home office and mobile working
- Flexible working hours
- Time recording on a trust basis
- Overtime compensation
- 30 days of vacation and special leave days
- Long-term accounts / sabbatical
- Fixed remuneration with variable component
- Free choice of location
- Minimum travel
- Comprehensive further training

This is your way to us

Interested? Then we look forward to receiving your application with salary requirements and possible starting date via security-advisors.msg.group/en/career.
